

## Shawn Steffee Testimony Talking Points

January 20, 2023

- Grid reliability and the manpower that it takes to ensure reliable electricity is provided in the PJM. Especially during weather events like this past Christmas.
- The Regional Greenhouse Gases Initiative (RGGI), Senate Bill 650 (setbacks) and the PA Water Resource Act; all which will effect jobs and future energy production in Pennsylvania
- I will close with why the Boilermakers must be part of the future of energy infrastructure in Pennsylvania
